Hello Pastor [REDACTED]. My name is [REDACTED]  
[REDACTED]. I was given your contact information from [REDACTED]. At your earliest convenience, would you please return my phone call as I and a group of former believers in the For My People Ministry are seeking to collect information concerning the character displayed by Ernie Knoll before and during the time Candance was discovered to be a "hoax".

[Survivingernieknoll.com](http://Survivingernieknoll.com) is still under construction but this is an idea of what is transpiring today.

Sorry. Specifically we are looking to provide evidence that what Ernie is suspected of doing today is what has been from the beginning. Namely sexually deviant behavior. He is accused of having dreams commanding nudity, adultery, sex in front of children, sodomy, incest, kidnapping and a number of various abuses.

We have hope you would be interested in sharing correspondance from him or "Candance". Also, do you have any documentation confirm his statements on the Godhead and sexual activity?

[Redacted contact name]

I don't have any first hand knowledge of sex acts but have heard about them. He did tell me that, "Jesus," told him to have sex in vagina, anus and mouth which represents the Godhead. His wife confirmed this.

When we found this out we ended our involvement with him. This was almost 9 years ago.
