Why are you asking questions like this? Are you trying to find out where I am? I still don't trust you fully because you have lied many times into the past.

it is a general statements. You try to have all the facts before taking any decisions.

We never have the time to talk and share information. I am really worry for you and I want to help you. I am feeling really bad for all the things you been going through. I sacrifice my life to give you and our family a good life and some times I am not sure if I did that. Some times I feel guilty, because I didn't prevent what happened with our family. I didn't see what was coming.

When we lost the company and all the material things I was so concentrate in the material part and didn't apply the proper time to my family. You was an special and tight family, we were an example for everybody. I don't know if you understand, how bad I feel sometimes. In the other part, I am really happy because we are communicating. Can you response:

According to your friend you wasn't happy at that moment because [REDACTED] wasn't faithful to you. That is true?

I asking questions, because I want to get the true. I explain you all ready about that I lied in the past for contacting your mother, your sisters, the police and the reporter and going to CA. I learned in a hard way that [REDACTED] and [REDACTED] was right. I never should be contacting your mother or your sisters. You are back there because you keep the communication with them. You let them to destroyed your life, like they destroyed our life. You can see from my texts that I I always been fighting for your well been. I always been there for you. Ernie use his dreams to control and manipulate you, your sisters, grandma and your mother. You can rebuilt your life, get out of there to have a chance for a better life and a bright future. The opportunity to be back with [REDACTED] stay there. They are worry about you and they want to know whats going on with you. The first you need to do is get out out there ASAP. You are under their manipulation and control of him. They will be telling you anything wrong about me, [REDACTED] or [REDACTED] to keep you there. The disgusting thing they been telling you to do, don't have nothing to do with any religion. He is pervert false prophet, the devil in inside him. Nobody is above the bible. He is not living according to any Christian values, the spirit of prophecy or the **ten commandments**. Open your eyes. What he is doing it is a repetition of typical cults. He is using religion to get sex and money. It is not that complicated.

A Christian don't have 7 wife and commit adultery and less a prophet of god. A Holly or consecrated man don't go to places like Hedonism II in Jamaica. Your are his sex slaves and trophies to fill up his depraved ego and mind and fill important. You are smart, you know what I telling you is right. Be strong, you know you never suppose to be there. Don't let anybody or anything to destroy your life and your future.

I keeping pictures of you any where I am. The office, the house my phone. My soul and in my heart is 100% dedicated to rescued you again.

You don't have an idea how much I was crying when I read what you did and everything you been going thru.

Please, I am begging you, to get out of there and have a life. I will do any thing to help you. What ever you want me. If you stay there you will kill yourself sooner or later.

Show your mother what you did in the nude club in Jamaica and that will change completely her opinion about Ernie and his false ministry. Remember the story I sent you from [REDACTED] I believe and love you. You can do it.

When you want me to pick you up?

[REDACTED] - / [REDACTED]@yahoo.com

Sorry that you are disappointed in me dad.

[REDACTED], I really disappointing of your decision to destroy your life. You believe you are taking your own decision; but is not true because his controlling and manipulating you.

What things are not adding up?

It you don't want to be with me, is fine. You can be alone in your own place. You are an adult. You don't suppose to be in my house or your mother's house, you can be independent.

I will helping you financially or any way you want to get your own place, car and a job. But, please get out there is you want to save your life and have a future remember your own words: Learn from your mistakes. I know you can do it.

I was manipulated into this as was my family. I have found new evidences approving that. Considering the fact he was the one that always sent my family to come get me. And he used me while I was away as leverage to keep my family in line. I am disgusted and upset that someone could do that.

I know I gave this man control to ruin my life and I shouldn't have ever. He doesn't deserve it. My family, I can't help and can't ever be in contact with unfortunately

I was an idiot and I let fear take control like it always does when I am threatened. Or my family, but they cannot and will not be my problem anymore.

Plus manipulation in the sense I had to delete all pictures of my past. Nothing that had anyone that I am not supposed to be talking to.

I wouldn't be surprised if this device is taken from me soon. Which means you won't hear from me again more than likely cause this is the only thing I have to contact others.

For all it's worth, manipulation is not a joke and it's very easy for someone to do. Which is what has been repeatedly happening to me, and everyone else here. I am not allowed to go out alone or to even be alone. So it's very difficult as is.

Yes I was groomed and manipulated at a young age, but like you said I was an adult and I could've made a better choice. I was stupid and I don't want to be under his control anymore.

Of course I would be worried about traveling alone because I don't know how powerful this man is or what he can do. I know he has already said multiple times about me being kidnapped and the whole shebang. Which of course was his way of manipulating me to stay, because I had to read it outloud. But there is no evidence of him saying he does it or someone he knows besides the fact of him saying he was there and was watching while it happened. That's all I remember from it because it was thrown away after it was read.

I'm done ranting and going over things that are just dumb.

I had already tried to take my life once. Was in the hospital for a couple of days. Thankfully I don't have any permanent damage. I did have an irregular heart rhythm that went away when I was in the icu.

I did try. I tried to make the world a better place by trying to kill myself but it didn't work for whatever reason. Which wasn't my fault because I was pretty much unconscious for like 2 days. People just tell me I was hallucinating and apparently I woke people up because I kept getting up and out of bed going to the bathroom and trying to vomit. But by then I remember I couldn't feel my body. I had taken 45 Benadryl. My heart was racing, and my hands and feet were shaking. Anyways.

It would've been nice... but I don't understand why I'm still here. Maybe there is a reason for it. It's just not fair, but life's not fair.

And like I have already mentioned we still do love each other... I am willing to do whatever it takes. And I'm not asking for someone to come and save me and pick me up and get cops involved.

*It is difficult for me to read the last three sentences and don't cry. I work really hard all my life to give you a good life, principals and values. And now you lost your life, your freedom and you are a sex slave, a person without will and a toy of a pervert man; because he is not a prophet. You know you are in a cult, from your own words.*

Remember your

own quotes:

1.-"Please help me. thing have

gotten way out of control. I do not want to be forced to do anything anymore. please help me. i beg you. i feel so hurt and vulnerable"

2.- "Please i'm begging you help me get out of this hell"

3.- "Please [REDACTED] beg you. I will do anything for you. I am not too brainwashed, I am ready to go and leave this place. I want nothing more to do with them. They keep trying to force me but i don't let them"

4.- "I didn't make my choice. my choice was technically made for me. I wasn't planning on staying"

5.- "but they froze my accounts and i'm afraid now"

6.- "I'm tired of feeling like this. I'm tired of not eating well, if not drinking water, of having body aches, and restless nights"

7.- "I know you see it as pathetic [REDACTED] I understand that. But before all of this we were a really close family. So although they have done so much I keep giving them the benefit of the doubt because I love them and don't want to lose them but have to give them up. Because I can't stay here anymore"

8.- "I know things are sick here and nasty. I know and I just wish I could help them like you helped me but i know I can't and hurt a lot"

9.- "I don't accept this cult or anything that they do"

10.- "I will stand up for myself. I will no longer follow their rules and do their things"

11.- "I WANT NOTHING TO DO WITH IT AND THEY WILL SEE THAT THEY ARE IN THE WRONG IN THE LONG RUN"

12.- "I don't know what to do. I Am dying deep down inside"

13.- "I cry every day for hours"

14.- "I'll do anything for help"

15.- "I literally am living in hell"

*God must have a reason for you to be alive. You are the one who can destroy this demonic cult and free your family from it. You need to get out there and get him in jail and destroy his false ministry. I will help YOU any way you want. Give me the opportunity to do it. I LOVE YOU.*
